

MAXI Interactive System

The MAXI Interactive System is a bespoke solution that has been designed with the education market in mind, you get a large full interactive whiteboard for a fraction of the price it would cost for a large touchscreen.

1. Oversized MAXI Board

The oversized MAXI board is perfect for projection with its semi-matt finish. Designed so that the 16:10 projected image is the perfect fit on the board, with the addition of a handy writing space to the side.

2. Optoma Ultra Short Throw Interactive Projector

Native Resolution - 1080p 1920 x 1080
Brightness - 3500 ANSI Lumen

3. Wall Mounted Active Speakers

30 Watt Amplifier (15 Watt x2)

4. Control System

Easy to use simply by pressing one button
Complete connectivity with HDMI & VGA inputs

Company Reg. No. 04349039. VAT No. 781 9692 73

MAXI System Includes

Oversized ARIS Board

The oversized ARIS board is perfect for projection with its semi-matt finish. Designed so that the 16:10 (business widescreen) projected image is the perfect fit on the board, with the addition of a handy writing space to the side. The surface also accepts dry erase marker pens so that you can easily annotate your image or make notes in the additional space.

As standard, our ARIS boards come with silver metropolitan rounded profile as pictured.

The large picture above shows the board with a white frame - this is an optional extra. We powder coat the frames white for a sleek and modern finish. Please allow additional delivery time for this option, as it does increase the production time.
